World-class Adhesive Solutions
From Henkel

Henkel

The Problem Solver

A Quick Reference Guide to the Most Common Assembly and Maintenance Problems

PROBLEM	SOLUTION
Vibrational loosening	Threadlockers
Leaks - air, hydraulic, fouled valves	Thread Sealants
Leaks - gasket, oil, transmission, coolant	Gasketing Compounds
Backlash, key wallowing, spun bearings, shaft alignment, wear	Retaining Compounds
Fastening, joining and sealing	Structural Bonding & Sealing
Worn surfaces / damaged parts	Polymer Composites & Wearing Compounds
Rust, corrosion, galling or seizing on metal threaded and unthreaded assemblies	Anti-Seize & Lubricants
Damaged conveyor belts	Belt Repair & Urethanes

TRAINING SERVICES

Henkel offers complete engineering services for projects demanding expertise and support beyond the limits of our standard technical services. As a result, our engineers and scientists can quote the following value-added services:

- On-site engineering assistance
- Joint product development programs
- Prototype testing, fixture preparation and consultation
- Contract lab services and testing
- Custom formulations

THE ENGINEERING SERVICES GROUP OF HENKEL UNDERSTANDS THE NECESSITY OF PARTNERING WITH MANUFACTURERS AND SHARING THIS EXPERTISE WITH THE INDUSTRY THROUGH COST EFFECTIVE, CUSTOM-TAILORED PROGRAMS.

These programs range from specialized field teams that evaluate specifications and in-line process requirements, to the development of adhesives, and the design, construction and implementation of dispensing and curing systems.

- Educate your engineers on how to cut costs, improve quality and increase production through the integration of adhesives into the new product design process.
- Each instructional event touches on the wide array of Loctite® product solutions including adhesives and sealants, dispensing and curing equipment, as well as the unmatched technical support of our product specialists.
- Teach your maintenance personnel how to save time, reduce costs, improve safety in your plant, and increase the reliability of your equipment.

PRODUCT WORKSHOPS

LOCTITE® MANUFACTURING EXCELLENCE WORKSHOP

Full- or half-day on-site product training customized to address specific design needs at your manufacturing location.

LOCTITE® MANUFACTURING AND ASSEMBLY

Full- or half-day off-site training designed specifically for design, process, material and manufacturing engineers responsible for assemblies involving the use of adhesives.

LOCTITE® MAINTENANCE RELIABILITY WORKSHOP

Two hours of on-site product training customized to your facility's needs. Optional cost documentation process available.

LOCTITE® MAINTENANCE CUSTOMER TRAINING SCHOOL

Full- or half-day product training with review of common maintenance challenges and the appropriate Loctite® product solutions.

SERVICES

PLANT SURVEY

A detailed manufacturing process evaluation performed by a Henkel Adhesive and Sealant Specialist to identify and document potential cost savings and process improvements.

DOCUMENTED COST SAVINGS

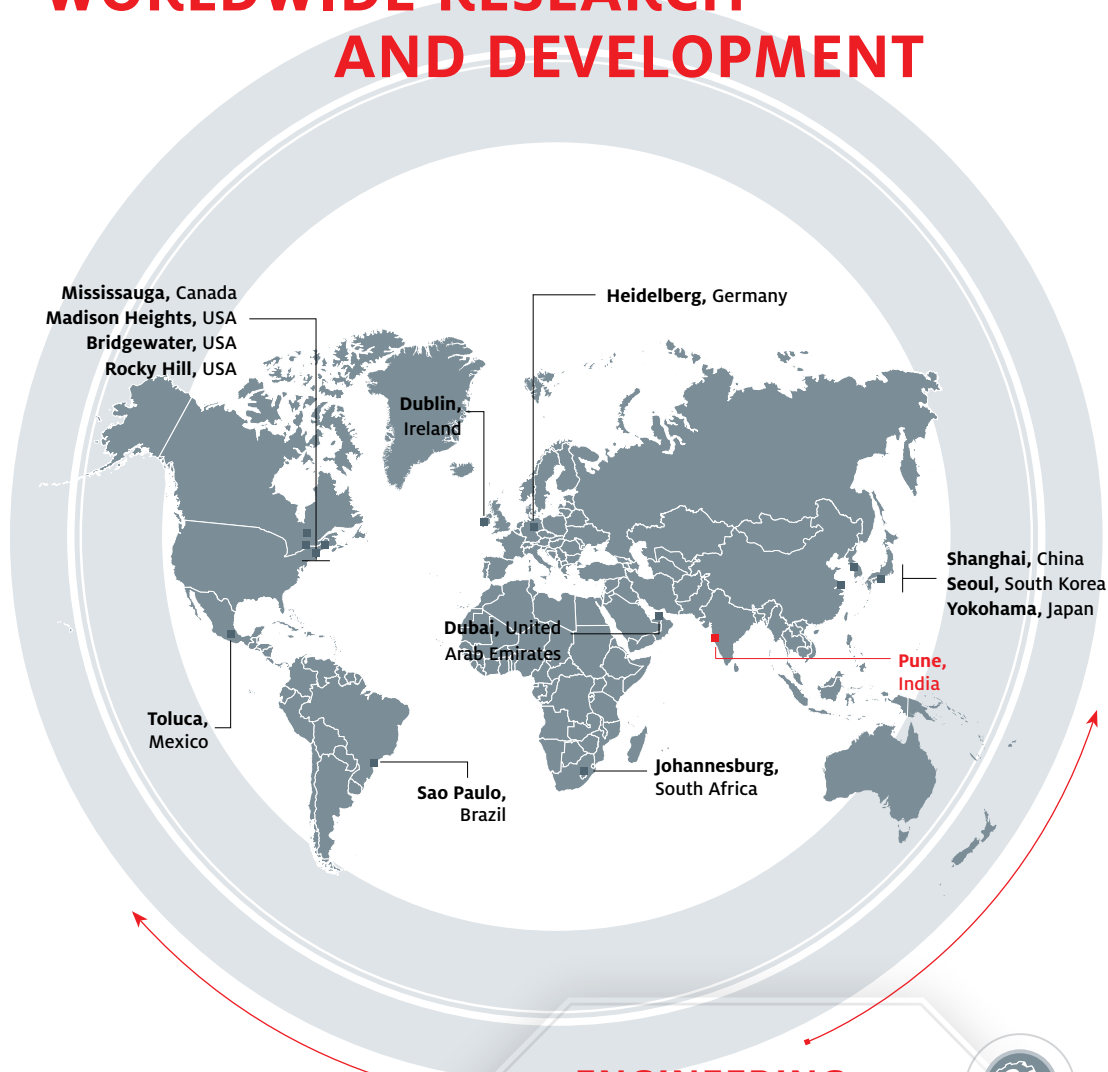

Offers a process for validating and documenting cost savings realized as a result of Loctite® Workshops or Maintenance Reliability Training.

ENGINEERING ASSISTANCE

Henkel offers many other services, including air leak surveys, pump rebuild assistance and flooring application assistance. In addition, Henkel offers an optional cost documentation process with the programs listed above.

Henkel is the global market leader in adhesives, sealants and surface treatments for consumers, craftsmen and industrial applications. This 142 year old company is now spread across 120 nations, with 53,000 employees, 185 manufacturing locations and 23 R&D sites.

WORLDWIDE RESEARCH AND DEVELOPMENT

ENGINEERING SOLUTIONS

Henkel's global network of engineering and R&D centers is staffed by 3,000 design and application professionals. We offer complete engineering services from application and design support to process optimization and a full array of analytical and testing services.

Henkel Adhesive Technologies India Private Limited is a subsidiary of Henkel AG & Co. KGaA, Germany. Henkel has a long tradition of a well balanced portfolio of international, regional and local brands. Henkel provide solutions for the whole spectrum of applications, from anaerobic adhesives, cyanoacrylate adhesives, silicone sealants, polymer composites, solvent based, solvent free used in industries to cold seal laminating adhesives used in flexible packaging industry. Henkel solutions are used in diverse segments ranging from manufacturing, electronics, automotive, aerospace to biomedical industries.

DISCLAIMER

1. Published product prices are inclusive of all taxes and duties
2. Care has been taken to ensure all information in this price list is accurate. Henkel however does not assume responsibility for any inaccuracies or misinterpretations of this data.
3. All prices given in quotations are provisional only until the order has been accepted by the Company.
4. All orders shall be at the prices as set out herein.
5. All prices supersede previous notices, quotations, contracts or price lists. All prices shown in price lists are subject to change without any prior notice. The Company shall provide revised price lists to the Distributor which shall be binding on them.
6. The Company price list are not an offer by the Company to supply the goods referred to in such price lists and no order placed in response to a price list will be binding unless accepted by the Company in writing. All such acceptances by the Company are subject to availability of the necessary materials.
7. The prices so altered shall be applicable to all goods so delivered on and after the applicable date of increase including outstanding orders and the same shall be binding on the Distributor.
8. All shipments are billed at the price in effect on the date of the order / delivery [Note: Kindly confirm the same. The Distributor Agreement sets out that the revised prices shall be in effect on the date of delivery of shipment]
9. Price list contains current products available for sale within India. Product list is subject to change and is temporary.
10. Please refer to TDS & MSDS for specific product applications and related information. We strongly recommend that you carry out your own prior trials to confirm such suitability of our product. Any liability in respect of the information in the price list or any other written or oral recommendations (s) regarding the concerned product is excluded, except if otherwise explicitly agreed.
